

INDO[®]

AFFORDABLE | LONG-LASTING | TOP QUALITY

22+ Years of Trust & Excellence

INDO square and round nose shovels are crafted from premium-quality materials using advanced and state-of-the-art technology.

Key Features:

- 1. Superior quality*
- 2. Durable and long-lasting*
- 3. Robust handles*

QUALITY

INDO shovel blades are crafted as one piece using 14-gauge (2 mm approx.) high-carbon steel sheets, ensuring enhanced durability & a longer lifespan.

Each piece of shovel passes through predefined quality checks at every stage of manufacturing to ensure consistency and uniformity in quality.

We manufacture shovels with wooden and PVC handles as per customer requirements.

All square and round nose shovels are manufactured as per IS specification no. IS-274 Part-1

PACKING

Each INDO shovel bundle is well-packaged in a polythene covering to protect it from dust and rust until it reaches the end user.

All types of shovels are made available to distributors, dealers, and resellers in marketable lots of six (6) pieces.

MARKINGS

The shovel handles are affixed with rectangular labels.
All shovel blades are embossed with the INDO brand.

SQUARE NOSE SHOVELS - PREMIUM SERIES

INDO Square Nose Shovels are designed for loosening soil and carrying it in lumps. They are widely used in gardening, horticulture, agriculture, and material handling in the mineral industry. These shovels are crafted with durable handles and high-quality steel sheets.
